WATER NOTICES.

PROVINCE OF BRITISH COLUMBIA.

DEPARTMENT OF LANDS (WATER RIGHTS BRANCH).

Amending Certificate of Approval of Undertaking.

WHEREAS on the 13th day of September, 1929, the Vancouver Island Power Company, Limited, was granted a certificate of approval of its undertaking relating to its application for a licence to divert and use for power purposes 2,580 cubic feet per second of water from Campbell River:

And whereas, in pursuance of its application and of the said certificate, Authorization No. 985 to make surveys was duly issued on the 13th day of September, 1929:

And whereas the Company has completed surveys and filed plans within the time set in the said authorization:

And whereas by the said certificate of approval the time set for the commencement of the construction of works for the diversion and utilization of the water was limited to the 1st day of September, 1931:

And whereas by its petition filed the 29th day of June, 1931, the Company prays that the time limited by the certificate for the commencement of the construction of works may be extended on the ground that the general depression now prevalent makes it inadvisable to proceed with the construction of the works by the said 1st day of September:

And whereas the procedure laid down in section 34 of the "Water Act" was followed at the time of the original petition, and there has not occurred since that time any change in the facts attending the said application:

And whereas it is deemed advisable in the public interest that the prayer of the said petition be granted:

This is to certify that the certificate of approval of its undertaking granted to the Vancouver Island Power Company, Limited, on the 13th day of September, 1929, is amended by striking out the

figures "1931" where they appear in the said certificate, and substituting therefor the figures "1932."
